

The Fellow with 3 Names

Middle Mother's,
with whom he lodged be-

fore taking this post
of curator. He's short,
owlish, and no mean

scholar, having talked
over his books at Borders
and Harvard. A tease, too!

coaxing plump matrons
to extract checkbooks over

1000s of cups of Earl Gray
fronting countless fireplaces.

Most likely a Democrat, even
for outstream, GOP mandates
nominees more butch.
